Two years in a row I've made it to the finals in mens pairs. In 2006 I played with Kenneth Högwall and we lost against Göran Klemme and Daniel Larsson also from Sweden with 3-0. In 2007 I had a new partner Dennis Nilsson and I told him that I would like to go further this year and he said but you made it to the finals last year and my answer was exactly. We made it all the way but we lost with 3-2 against Richard Bos and Remco van Eijden from Holland

. This time we got a little bit closer, we took two legs.

This year I played with Dennis again and we had decided that this time we were going to win the mens pairs. We played really good and once again we found ourselves ready to play the final in mens pairs Finnish Open 2008. We started out by taking a lead with 2-0 and we had three darts for the match for a win with 3-1 but once again we saw us defeated with 3-2 (34,19,19,14,17), against Asko Niskalaa and Veli-Tuomas Hynynen from Finland.
